Remarks

Perched atop Bay Plaza with sweeping views over Sarasota Bay and the downtown skyline, this fully reimagined penthouse offers a level of finish and livability rarely seen in the market. Taken down to the studs and meticulously rebuilt, every inch has been thoughtfully curated with true custom craftsmanship, resulting in a home that feels both refined and effortless. The expansive floor plan is designed for both everyday living and exceptional entertaining, with main living areas that flow seamlessly toward the water and skyline beyond. Walls of glass fill the home with natural light, while multiple terraces extend the living experience outdoors. At the heart of the residence, a true chef's kitchen features top-tier appliances, custom cabinetry, and a layout designed for both function and gathering. A thoughtful split layout creates a private guest wing, while the primary suite, accessed through a dramatic 9 pivot door, offers a quiet retreat finished with the same level of detail seen throughout. Every finish and material reflects a level of quality typically reserved for custom homes, with bespoke millwork and integrated systems throughout. Completing the offering are three secured parking spaces, a rare feature in downtown living, along with full-service amenities and white glove service. all
